

# SERVICE - Dorian Relief

## Lesson 1-3 Review

Thank you for studying your three lessons and making yourself ready to assist in any way you can the dear people of Grand Bahama and the Abacos. The possibility that you and those you care for may one day also have to experience a similar event will always be there. Review your lessons and fill in the blanks of the following questions:

### FROM LESSON 1

- Two things needed to form a tropical weather system is \_\_\_\_\_ and \_\_\_\_\_
- Ocean water temperature must usually be at least \_\_\_\_\_ degrees Fahrenheit for tropical storms.
- As the wind begins to \_\_\_\_\_ around a center we call it a Tropical \_\_\_\_\_
- When the wind exceeds 39mph we call it a \_\_\_\_\_ and give it a \_\_\_\_\_
- The \_\_\_\_\_ of a hurricane can be from \_\_\_\_\_ to \_\_\_\_\_ or more miles across.
- \_\_\_\_\_ was the most powerful tropical cyclone to strike the Bahamas.

### FROM LESSON 2

- Preparing for natural disasters includes knowing what you need to \_\_\_\_\_, where you may need to \_\_\_\_\_, and what should be ready \_\_\_\_\_.
- Use \_\_\_\_\_ or \_\_\_\_\_ to protect windows.
- Be sure to have food and water in water tight \_\_\_\_\_ or \_\_\_\_\_.
- Have a \_\_\_\_\_ with new batteries and know news \_\_\_\_\_ channels.
- Be sure to have your \_\_\_\_\_ and important papers in \_\_\_\_\_ bags.

### FROM LESSON 3

- During the storm follow this rule: Stay \_\_\_\_\_ - Stay \_\_\_\_\_
- The eye of a storm can be \_\_\_\_\_. You don't know how long it will stay calm!
- After the storm be very careful where \_\_\_\_\_ and what you \_\_\_\_\_.
